YOUR COMMUNITY CONNECTION

NEWS FROM EAGLE VALLEY RDF

WM is working on identifying a new District Manager for WM's Eagle Valley RDF (Recycling Disposal Facility). In the interim, please feel free to contact your Community Relations Representative, Kathleen Klein, at 734.231.8258, or Area Disposal Operations Manager, Jim Hamann at 330.316.0707 with any questions you may have.

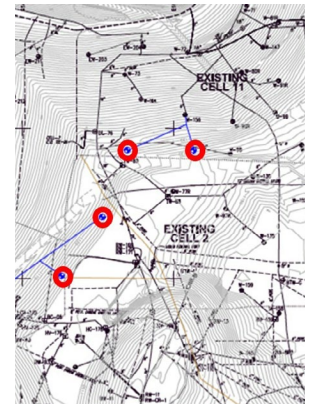

Pictured left and above are images captured from a recent pollinator survey at the end of Summer 2021! Eagle Valley RDF is home to many pollinators and wildlife, and is committed to supporting our environmental partners, like the Wildlife Habitat Council.

Site Activities

Each year, WM plans for ongoing construction and maintenance to Eagle Valley's landfill gas collection system/renewable energy production facilities. Currently, WM is developing a plan for the initial phase of 2022 landfill gas construction. This will take place primarily in the NW corner of the site. The upcoming work will involve adding vertical wells for additional gas collection and odor control, which will likely be completed this February. WM will be installing collection wells near the active cell area - (cells 11 & 2) - to replace recently lost collection due to decommissioned wells. As waste ages and settles, it is not unusual for landfill gas wells to require decommissioning and new wells installed in their place. It is our goal to continue to provide innovative/sustainable solutions to best serve our environment, and our communities - for tomorrow.

WM sites provide meaningful habitats for local wildlife.

WM Sustainability Forum

February is all about sustainability at WM - with the Greenest Show on the Grass - the WM Phoenix Open kicking off on February 10th, and the WM Sustainability Forum takes place on February 9th.

This year, as always, promises to include incredible thought provoking conversations about the state of sustainability in the U.S. and abroad. Registration is required, and can be found [here](#).

Green-Up Logo Contest

The Orion Township Environmental Resource Committee (OTERC) Green-Up Logo Competition is taking place again in 2022. The 2021 Logo Competition winner was artist Joss Casteneda.

Submissions are due March 15th. The 2022 winning logo will be printed on reusable bags for the 2022 Green-Up event and for the Friends of the Orion Township Library used book sales. Submit your black and white printable design to environment@oriontownship.org.

Eagle Valley RDF Free Disposal Days 2022

June 11 & September 17, 2022

Complimentary to Orion Residents
Residents Must Have a Valid ID
